CITY OF GLENDALE, ARIZONA

BUILDING SAFETY DEPARTMENT - COMMUNITY DEVELOPMENT GROUP

SPECIAL ELECTRICAL OBSERVATION CERTIFICATE

Project Name		*Date*
Project Address	*Permit Number*	*DSC Number*

☐ CERTIFICATE OF ELECTRICAL OBSERVATION BY OWNER

(To be filled in and signed by owner before permit is issued)

In accordance with the amendments to Article 90.2(A) of the 2005 National Electrical Code, which requires that the execution of certain construction work be placed under the observation of the Engineer of record, or under an Engineer designated by the Engineer of record.

I certify that the electrical portion of construction of the above-described building project will receive electrical observation.

Name of Electrical Engineer of record	*Signature of Owner or Legal Agent*
Name of Designated Electrical Engineer	

☐ ELECTRICAL OBSERVATION RESPONSIBILITY CERTIFICATE

(To be filled in and sealed before building permit is issued.)

I certify that I am familiar with the electrical design of the above-named project and, in accordance with the City of Glendale amendments to Article 90.2(A) of the 2005 National Electrical Code, I hereby assume full responsibility for carrying out the required electrical observations. Observation reports will be filed with the Building Safety Department, as required by 2006 International Building Code Section 109.3.9.1. The following individual(s) will be the Electrical Engineer(s) who are to be on the job site to render full, complete and competent observation of the electrical installation.

The electrical engineer(s) are to be named below before work under their area of duty commences.

Electrical Engineer of Record	
Electrical Engineer (Health Care Facility)	*Name of Inspector (Other, Specify)*
Electrical Engineer (High Voltage, over 600 volts)	

APPROVED BY:

Building Official *Date*

☐ CERTIFICATE OF COMPLIANCE

(To be filled in and sealed before certificate of occupancy is issued.)

The electrical portion of the above named project is substantially complete.

I certify that, to the best of my knowledge, the requirements of the approved plans for which electrical observation is required and 2006 International Building Code Section 109.3.9.1 have been complied with.

A guarantee that the Contractor has necessarily fulfilled the obligations of his contract is neither intended or implied.

Electrical Engineer Responsible for Electrical Observation (Type or Print)
