

The City of Glendale is always looking for new ways to provide our citizens with important and timely information. Actions taken at our Council meetings can have a direct effect on your quality of life, and it is important that you stay as informed as possible on the issues that can affect your city, your neighborhood and your family.

You can visit the City of Glendale website to view agendas and minutes from each of our City Council Workshops and City Council Meetings. The agendas will keep you up to date on what issues will be discussed and, therefore, help you decide which meetings you would like to attend in person. You are also able to easily view the minutes of previous meetings to read about the discussions that took place and get a better understanding of why your City Council took the action that we did on a particular issue. ([Click Here](#)) to view agendas of the upcoming meeting and to find minutes for past meetings.

The Glendale City Council holds Council Workshops at 1:30 PM on the first and third Tuesdays of each month in Room B-3 (downstairs) of the Council Chambers building. Our evening City Council Meetings take place at 7:00 PM on the second and fourth Tuesday of each month in the Council Chambers building. You can view every meeting on Glendale Channel 11 during the time of the meetings. The broadcasts of the meetings are also replayed over the course of the following week. ([Click Here](#)) for a weekly schedule of Glendale 11 programming and to see when the council meetings will be re-broadcast. If you do not get Glendale Channel 11 at your residence, you can ([Click Here](#)) to watch Channel 11 online anytime.

I encourage you to stay involved with the issues that will have an impact on your lives and the future of your community. Citizen participation is vital to an effective municipal government because your input helps us to do our job of representing your best interests.

Thank you taking the time to read my "Glendale Bulletins". Please contact me at (623) 930-2260 or mayorscruggs@glendaleaz.com, if you have any comments or questions. I strive to provide the most timely information and best possible service to you, the citizens of Glendale. I sincerely appreciate your feedback.
